Exclusion Policy

We are now required to make parents aware of our exclusion policy. It is as follows:

Situations may occur where we will ask a parent to remove his or her child from our center. It is very rare and it would only occur after diligently working with the family to resolve any issue. We also utilize a professional network to seek help and advice before a decision is made to excuse a child. If after working with the family and the child is still extremely disruptive or has a potential to cause injury to another child then we would ask for them to seek care elsewhere.

HEALTH FORM REQUESTS...

Emails were sent out to parents of children who need their health forms updated. If you received the email please contact your pediatrician and send in a new health form as soon as possible. If a physical is needed for completion of the form please email us with a date of the physical.
