## HEALTH POLICY

### REMINDER.....

If your child is sent home with a fever, we will allow them to return if they are fever-free for 24 hours without medication. We will determine if a sibling needs to go home on a case-by-case basis, depending on the severity of symptoms and/or illness.

Regarding COVID-19, if someone tests positive, we will follow the CDC guidelines that someone with COVID-19 can go back to normal activities when symptoms have been getting better for at least 24 hours and there is no fever even without taking fever-reducing medication like acetaminophen or ibuprofen. If there is a spike in cases, we will return to the 5 day quarantine policy.

Diarrhea – If your child has three loose stools, we will call you to have your child dismissed. They may return after 24 hours without any loose stools.

Conjunctivitis—If we notice any signs of conjunctivitis, we will call you to dismiss your child. He or she can return once he or she has been on the prescribed medication for 24 hours.
