Regarding COVID-19, if someone tests positive, we will follow the CDC guidelines that someone with COVID-19 can go back to normal activities when symptoms have been getting better for at

least 24 hours and there is no fever even without taking fever-reducing medication like acetaminophen or ibuprofen. If there is a spike in cases, we will return to the 5 day quarantine policy.

Diarrhea – If your child has three loose stools, we will call you to have your child dismissed. They may return after 24 hours without any loose stools. \*\(\psi\) Conjunctivitis—If we notice any signs of conjunctivitis, we will call you to dismiss your child.
